RECOMMENDATION

An inspection system for the
factories to ensure compliance by
the Government & BGMEA

Working out protocols to enable
smooth operation under safe work
environment

Focusing more on manufacturing
the High end fashion brands &
Value Added Products

Stakeholders should develop
Active Negotiation expertise to
attract new buyers.

A Proper monitoring system for
the fund management for RMG
Sector

Incentives & New Policy formulation by
the stakeholders to ensure social
protection for the workers.

Focusing on the product manufacturing
that is more in demand or in need for the
current situation ex.: PPE, Mask etc

Ensure maximum safety to the buyers,
product packaging & safe shipment of
products and samples as well if needed
